

Smith School

New Traffic Pattern for Downey Drive

Smith School Drop-off / Pick-up – New Downey Drive Traffic Pattern

- Downey Drive will be designated as “One Way Only” for eastbound traffic from Thatcher Road to the intersection of Oak Street from 8:00AM to 4:00PM on school days.
- A new sidewalk has been installed to allow for a safe “Pick-up / Drop-off Zone” on Downey Drive.
- These zones are designed to have vehicles form a line and move forward as children are dropped-off and picked-up. Please do not park or leave your vehicle unattended in these zones.
- As you approach the school on Downey Drive, you can proceed straight, then left onto school property OR turn right on Downey Drive to exit the area.
- A crossing guard will be on Downey Drive in front of the school to help children cross the street.
- If you need to leave your vehicle to walk your child into the school or drop-off belongings to the main office, you must find a legal parking space. Do not park your vehicle in fire lanes and or drop-off / pick-up zones.
